Members and guests of the Logan County Genealogical Society will meet at St. Clara's Manor on Monday, January 18, at 7:30 P.M. This is the fourth annual meeting for this organization. Officers for 1982 will be elected after reports are given by officers of the past year.

Anyone who is interested in learning more about genealogical research is welcome at these meetings. The Society has a member scheduled to be at the Lincoln Public Library each Saturday from 11 A.M. to 3 P.M. to help anyone who is interested in researching in the genealogical library.

A social hour with refreshments will follow the installations of officers. Visitors are welcome.

Congratulations to Emily Gordon of Lincoln, our First Vice-President, for receiving an Honorary Certificate for outstanding and meritorious service in our society, thereby promoting genealogical and historical study and research in Illinois, at the Fall Conference of I.S.G.S. at Decatur.

Lincoln City Directories, School Directories, or School Records or Histories--

When cleaning out the attic, the trunk or a box of books, please before you throw them out, consider whether they have history of a nature that we could use in our research at the library. Contact our librarian, Mildred Devanny (Mrs. Jack).

The Lincoln Public Library has available World Conference Records in Volumes 1 - 13, with No. 13 being the index to proceedings by author and text. These records are the lectures given at the 1980 World Conference on Records at Salt Lake City, Utah. The lectures could be an excellent source of program material for genealogical societies. These books are not for check out, but can be used at the Library.

History of Logan County to be printed

A general history book of Logan County, to be printed in 1982, will include historical sketches of the families in the County, histories of various organizations, businesses, schools, landmarks and churches. The general county history will be updated from the 1911 Stringer's History of Logan County.

Each family in the county will be asked to write an historical sketch. This project is to be organized by townships, with a chairman in each township. Every family will receive a notice of the details of the history project along with the name of their township chairman, whom they can call to answer questions that they may have.

Each family may submit one black and white picture to accompany the story which is limited to 500 words.

National Archives Microfilm Loan Program

To All Librarians;

Several months ago you were notified of the effects of budget and staff reductions on the interlibrary loan of National Archives microfilm from the Fort Worth Federal Archives and Records Center. Since then, through management initiatives, we increased the level of service, circulating 35,000 rolls of film a month. It is now clear, however, that in order to meet new budget goals, we will have to make additional personnel reductions. The equivalent of 181 full-time positions in the National Archives and Records Service must be eliminated by February 1982.

We regret that the interlibrary loan of National Archives microfilm from Fort Worth must be discontinued. New requests received as of December 10, 1981, or after will not be processed. All requests on hand as of this date will be returned.

We are exploring ways that this service might be resumed on a fee basis by a private sector firm. We have maintained records of all libraries that have borrowed film from Fort Worth and will announce future developments.

We appreciate your patience and cooperation as we have worked together to provide the public with this very popular service. More than 1 1/2 million rolls of film have been loaned since 1971, when the service began. We ask your further cooperation in the coming weeks in seeing that all microfilm is returned to Fort Worth. In the meantime, we urge all those who can do so to use the microfilm in reading rooms at the National Archives Building and in the 11 Federal Archives and Records Centers around the country, or to purchase the film at a price of \$15.00 per roll from the Publications Sales Branch (NEPS), NARS, Washington, D. C. 20408

Assistant Archivist for the
National Archives

Recipe For Paste That Bugs Don't Like!

1 cup flour 1/2 tsp. oil of cloves

1/2 tsp. powdered alum 1/2 tbsp. Formaldehyde

Mix flour and alum with cold water until smooth. Add enough warm water to make about 1 pint.

Cook until thick and starch-like. Just before removing from the stove, add 1/3 to 1/2 tsp. oil of cloves and the formaldehyde.

This makes a thick paste and must be thinned with water when used.

THE LITTLE STREAM

Winter-locked, the little stream has quietly slept
For many weeks, its purling music safely kept
Muted in its icy breast white-chilled with snow,
Yet living still and dreaming of the sign to go.

Yesterday the sun began to turn the frozen key...
The streamlet stirred, awoke, with only little birds to see
And hear the first faint music strummed by the icy-fingered
Water; hesitant, unsure, yet shreds of melody lingered

In the air. Today the sun shone warm again...
Now only brittle bits of lacy ice remain.
The free and racing brook sings with joy in the glow
Of saffron sunset as it hurries on through dissolving snow.

TO THOSE AWARE

They say the snow is white,
But he who says so
Has only partial sight.
For snow is blue
In the wint'ry woods,
In shadow of pine and yew,

And snow is pink
In the setting sun,
With flecks of gold, I think.

A lilac trend
It seems to have
Around the river's bend,

And greenish glow
Where hemlock boughs
Bend low to touch the snow.

It's silver, too, at night
When shines the moon
Upon a world of white.

Ah, yes, the snow is vari-hued
To those who are aware--
To those with sight imbued.

Genealogist Disease: No Known Cure

Warning: Genealogy Pox (very contagious to adults).

Symptoms: Continual complaint as to need for names, dates and places. Patient has a blank expression, sometimes deaf to spouse and children. Has no taste for work of any kind, except feverishly looking through records at libraries and courthouses. Has compulsion to write letters. Swears at mailman when he doesn't leave mail. Frequents strange places such as cemeteries, ruins, and remote desolate country areas. Makes secret night calls, hides phone bills from spouse, and mumbles to self. Has strange, faraway look in eyes.

Treatment: Medication is useless. Disease is not fatal, but gets progressively worse. Patient should attend genealogy workshops, subscribe to genealogical magazines and be given a quiet corner in the house where he or she can be alone.

Remarks: The unusual nature of this disease is, the sicker the patient gets, the more he or she enjoys it!

"STATE OF MIND"

If you think you are beaten, you are;
If you think you dare not, you don't;
If you think you'd like to win, but you can't,
It's almost a "cinch" you won't.
If you think you'll lose, you've lost,
For out in the world you'll find
Success begins with a fellow's will---
It's all in the State of Mind.

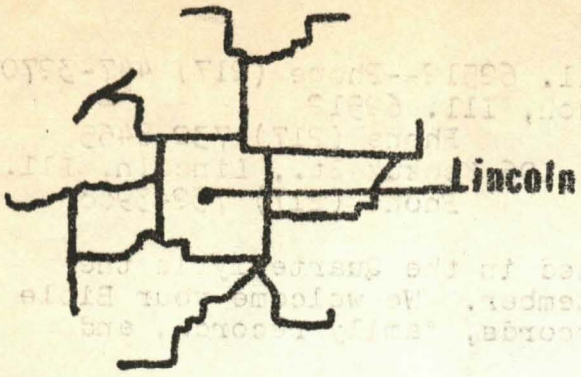

Full many a race is lost
E're even a race is run,
And many a coward fails
E're even his work's begun.
Think big, and your deeds will grow
Think small and you fall behind,
Think that you can and you will;
It's all in the State of Mind.

A NEW PROJECT FOR THE SOCIETY

At the present time, Lucille Henrichsmeyer and Emily Gordon are transcribing Volumes I and II of the "Heirship Records" at the Circuit Clerks Office, Logan County Courthouse. These records date from 1857 to the 1920's. Thelma Gibson has started transcribing the early Chancery Index. Will keep you informed of progress in this project.

An increase in cost of obtaining copies of Military and Ship Passenger arrivals from the National Archives, Washington, D.C., fee is now \$5.00 for each record and this amount must be prepaid at the time of request. Refund will be made if record cannot be found. New forms with these changes are available from the Archives.

If you are having trouble finding a Place Name in the United States, and have exhausted every possible search in an Atlas and Gazetteer, you may contact United States Board on Geographic Names giving as much information as possible.

CALENDAR DATINGS

In 1582 Europe corrected the old Julian Calendar to make up for errors in "Solar" time by adding (advancing) eleven days. At this time they also changed the beginning of the new year to January 1st instead of March 25th. All countries accepted this method of dating except Great Britain and all their colonies which kept using the old Julian system with March 25th the new year.

In 1752 the British Parliament adopted our present Gregorian Calendar. For example, George Washington was born on February 11, 1731, according to England, but to the rest of the world, his birthday was February 22, 1732. In his family Bible, George Washington's birth date was "double-dated" as 1731/32.

The WORLD CONFERENCE LECTURES given at the World Conference at Salt Lake City, Utah, in 1980, are in printed form in volumes on the shelf at the Lincoln Public Library, Lincoln. This Conference is held every ten years.

THE SMALLEST CEMETERY IN LOGAN COUNTY is the Gardner Cemetery, three miles north of New Holland on the San Jose Blacktop. It contains only one grave. The stone itself is difficult to spot from any distance, but a green and white sign porclaiming the site as a "Logan County Re-conditional Cemetery" is easy to see. Little John L. Gardner was exactly two years, five months and six days old the day he died, Nov. 6, 1853. He was the son of T. S. Gardner. The Logan County Superintendent of Cemeteries says, "The way I heard it, they were passing through in a wagon train." The child died of diphtheria or scarlet fever. Several others had been buried there, but farmers have since farmed over the graves. -- THE PANTAGRAPH, Bloomington, IL 6/14/82.

President's Message

I would like to express my gratitude to the membership for allowing me to perform the duties of your President this past year. It is not an easy task being the senior officer in an organization, but with the co-operation of the other officers and chairman of the various committees and members, most times it was a pleasure for me. When I was installed, I proposed certain goals for our society for the coming year. I am happy to say most all have been enforced and in others we are making progress. I asked that each member strive to increase our membership. We are still weak in this project, however our membership chairman, Lester Wickline, is trying to remedy this situation. The 1860 Census project is now operating in the profit phase and hopefully we will be able to sell the remaining supply of books very soon. Thanks to our Genealogist, Helen Gordy, the Quarterlies for the years 1979 through 1981 have been indexed and member Lois Anstine is working on the 1982 indexing. We did revise and amend the Constitution and By-Laws and each member, at that time, received this information contained in the April Quarterly. I asked members to contribute more articles for the Quarterly. We are lacking family and ancestor information from our members. We exchange Quarterlies with approximately 32 other societies and you may find information on that elusive ancestor. Co-Editors Helen Fink and Viola Richert do the very best they can, with the information given to them, to make this an interesting publication. Our annual gift to St. Clara's Manor for providing a meeting place for the society was presented by Mildred Wickline and Louise Jeffries. Librarian Mildred Devanny has set a volunteer program at the Lincoln Public Library on Saturday afternoons of each month excepting holidays. This project was started a year ago to help visitors to the library who are interested in genealogy. Another project was completed by Lucille Henrichsmeyer and myself. We transcribed Volumes I and II of the "Heirship Records" at the Logan County Circuit Clerk's office. We hope to have this information in print very soon. The most recent project involving all members has been announced at our meetings, so I would like to give notice to our out of town members to also participate. In November, a Television mini-series entitled "The Blue and Gray", a civil war story, will be shown. The Illinois State Genealogical Society feels this presentation will again create an interest in family roots, so upon their suggestion, we are asking members to submit any information concerning a Civil War ancestor for the January and April quarterlies. It need not be of just military nature. If your ancestor provided supplies for the troops North or South or involved with the Medical, we would like to hear from you. I won't elaborate on our programs for the year. We tried to provide interesting programs and I do hope we can have a Program chairman next year to help with this important phase of our meetings. I want to thank our Historian and Recording Secretary, Lucille Henrichsmeyer, for keeping an accurate account of our meetings and Treasurer, Jane Whiteman, for keeping our accounts in balance and help in cutting stencils for the quarterly, Brenda Jones and Emily McElhaney for handling the publicity. I am concerned about the lack of enthusiasm at times and so I ask that you please let me know where you feel we are lacking in presenting a good genealogical atmosphere for all our members.

Emily P. Gordon, President

Illinois State Genealogical Soc.
Newsletter - July, 1982

1982 Program Highlights

- January, 1982 - This meeting was cancelled due to severe weather conditions.
- February, 1982 - This was a workshop meeting from 10:00 a.m. until 12:00, and was held at the public library. The morning workshop was conducted by Mildred Devanny, society librarian, and was on advanced research sources and the evaluation of research sources. A sack lunch was enjoyed at noon. The business meeting was at 1:00 p.m. at which time the annual report from all committee chairmen were made. Following was the annual election of officers for 1982 and their installation. (This was to have been in Jan.) New officers are Emily Gordon, President; 1st Vice-President, open; 2nd Vice-President, Lester Wickline; Recording Secretary, Lucille Herrichs-meyer; Corresponding Secretary, Brenda Jones; Treasurer, Jane Whiteman. Installation was in charge of Helen Gordy. The new president, Emily Gordon, outlined plans and goals for the coming year.
- March, 1982 - Since the corresponding secretary could not attend the February meeting, she was formally installed at this meeting. Mildred Devanny provided the program for the evening, speaking on research necessary for membership in the various patriotic organizations.
- April, 1982 - A program given by Jack and Emily Gordon, local members, on the Andersonville prison in Georgia during the Civil War. They had recently visited there. They showed slide pictures which they had taken. An account of the horrible condition of the prisoners was of interest to all of those who had ancestors serving in the War between the States.
- May, 1982 - A program on 'How to Research and Write your Family History' was given by Helen Gordy, a member of the local society. She gave many good points to follow in writing an interesting history. Her background material came from the 1980 World Conference lectures. She is also in the process of writing her own family history and told of some of her own interesting experiences.
- June, 1982 - Society members brought samples of some of the work they have done and told of their disappointments and successes in their research.
- July, 1982 - Mrs. Myrna Parks, Normal, Illinois, gave the program on 'Family Antiques and Treasures' as related to genealogical research and information. She said that many times unlooked for information can be found in these articles. Many of her own collected antique items were displayed.
- August, 1982 - Martha Montgomery of Decatur, Illinois, spoke on 'Research in New Jersey and Pennsylvania.' She told of the settling of New Jersey and how it became the melting pot for many immigrants coming in from the Continent prior to the establishment of Pennsylvania as a state.
- September, 1982 - Program given by Virginia Johnson, local member, who spoke on Indian research. Gave background of Cherokee tribe as illustration of Indian life and culture. 1/32 Indian ancestry is as far back as records are kept. Slides were shown of the Cherokee Indian village in North Carolina. Indian research is very difficult.

Thomas Jefferson Talbot was born in Somerset, Ohio on June 28, 1843. His parents were John and Mary Jane Blake Talbot. John, who was born in Ireland and moved to Canada in 1818 with his parents and brothers and sisters, came to the United States sometime in the 1830's. We do not have the information as to which company he served from Illinois, but his death occurred near Atlanta, Ga., on Aug. 8, 1864. He is a distant cousin of William Jeffries.

Edward Richard Roden Talbot was born in London, Ontario on March 14, 1846. His parents were Freeman and Ann Eliza Clark Talbot. Freeman and John were brothers. Freeman was also born in Ireland and came to Canada in 1818 with the family. He and his family moved to Cleveland, Minn. in 1856. Edward was a First Lt. in Co. E, 68 United States Colored Infantry and was killed on April 5, 1865 during the siege of Blakely, Alabama. Edward is also a distant cousin of William Jeffries. Ralph Smith Talbot, a cousin of Edward's, wrote the following poem:

He sleeps beneath the quiet sod,
Where comrades brave have laid him;
The flag he loved is waving o'er
The grave, brave hand have made him.

No mother kind was here to soothe,
Nor father's voice to cheer him;
He met the reaper face to face,
and did not quail or fear him.

His country called on noble hearts,
and willing hands to save her;
And 'mongst the myriads that went forth
There was not found a braver.

Then he who sleeps that peaceful sleep
Amidst the foe and stranger,
As heedless now of war and strife,
As once he was of danger.

(continued)

Sleep on, sleep on, no traitor steps

May o'er they ashes tread,

They'll not disturb they glorious rest,

Of freedom's noble dead.

He was mustered in at Peoria, Illinois, on December 20, 1861. In furnishing the Roll for publication, Captain Olmstead added the following: "The above is a correct list of the 'Pekin Hell Drivers', so called in derision at first, but afterwards adopted by the boys as the official name of the Company. Every man in the Company is capable of filling a corporal's or sergeant's place, and their friends will never have cause to blush for them." Alexander Havens died on January 31, 1864, and is buried in Roberson Cemetery, Deer Creek Township, Tazewell County, Illinois. He was the great grandfather of Jane Whiteman.

German Research Tapes

The following tapes were made at the Western Michigan Genealogy Society and Great Lakes History Conference, "Three Centuries of German Immigration." The conference was billed as "the most complete seminar on German resources and German-speaking people ever presented" and was held in April at Grand Rapids, Michigan. The tapes were professionally recorded and were done with the permission of the speaker. Each cassette is \$4, and may be ordered from Triad, 700 South Fifth Street, Pekin, Ill. 61554. Please include the catalog number when ordering. Those seminars available are:

- A-1. Pennsylvania German Church Records - Possibilities and Limitations. Pastor Fredrick S. Weiser, New Oxford, Pennsylvania. What records were kept by Pennsylvania German Churches, Clergymen? Which denominations are represented and where are these records? How to get maximum benefits from these records.
- A-2. Church Records in the Midwest for German Background Peoples. Dr. David H. Koss, Jacksonville, Illinois. Information of depositories of the Lutheran Church - Missouri Synod; American Lutheran Church: L.C.A.; (former) Evangelical and Reformed Church; (former) Evangelical United Brethren Church Mennonite and Brethren; German Methodist; Presbyterian; Congregational and Baptist; and a bit on Roman Catholic.
- B-1. Cartography as a Research Tool in Genealogical Research with Special Emphasis on German Research. Mel Wolfgang, Albany, New York. The boundaries of Germany and the German speaking countries changed often. It is necessary to know the evolution dates to pinpoint the exact geographic area to determine where your ancestor's records may be found.
- B-2. Problems in Spelling and Pronouncing German Names. Dr. Arta E. Johnson, Columbus, Ohio. How and why German names were garbled in the USA; how to restore original spellings and the need to do so. German sounds spelled differently in English, English spellings not found in German.
- C-1. Personal Records of Pennsylvania Germans. Pastor Fredrick S. Weiser. Pennsylvania Germans kept many records in their homes and in their own possession. The various kinds of records will be discussed; their genealogical value given and some hints on where to find them.
- D-2. Are Your German Immigrants on Microfilm? Arlene H. Eakle, Salt Lake City, Utah. Description of the thousands of rolls of film available to you through the genealogical Society of Utah - passenger lists, debt clearances, permits to travel or leave the country (protocols), manumissions and many other emigrant/immigrant documents.
- F-B. Pennsylvania Folkart. Pastor Fredrick S. Weiser. The "Pennsylvania Dutch" provided their own entertainment by making brightly colored objects which reflected the world as they saw it. The serious and the comic went hand in hand in their folk art reflecting their joyous view of life.
- F-2. 19th Century Immigration in the Midwest: A Case Study. Dr. David Koss. Will explore settlement of German families from urban areas to those branches that formed in the same country. Using case studies this lecture will show the diversification in marriage, religion and social status that occurred to many of our ancestors.

German Research Tapes

- G-1. The Origins of German Surnames. Dr. Arta Johnson. An interesting talk on patronymics, occupation - surnames, place - surnames and personal characteristic surnames (the fun ones). This will be preceded with a short historical introduction.
- G-2. Fitting It All Together: Pennsylvania German Family Trees. Arlene H. Eacle. Answers to: Which sources are best for my Pennsylvania German family tree? Tax lists? Deeds? Wills? Estate partitions? County Histories? Church Records? Do I have to search them all? How do I match the evidence I already have with what I find in the sources - especially if it doesn't agree?

The descriptions of these seminars were copied from the brochure advertising the conference. Hopefully the speakers followed the outline of their own advance publicity.
