PRESIDENT'S MESSAGE

I would like to thank the members of the Logan County Genealogical Society for the privilege of serving as your President for this year. Also, I would like to thank the officers of the society for their hard work and hours spent in this volunteer work.

Paul Gleason for his industry as First Vice-President for the interesting programs and prepared speakers that have been our privilege to hear. Thank you.

Our Second Vice-President, Bernadine Montgomery, for keeping records of our membership in good order we extend our gratitude.

Lucille Henrichsmeyer who is our Recording Secretary and Historian has kept our records well, and is working on the 1880 Census we hope to publish this year.

Our Corresponding Secretary, Brenda Jones, has been a help in different areas including access to the records in the county office where she works.

Jane Whiteman, our Treasurer, has kept our society's treasury records in good order and is a valuable help to the society.

Lester Wickline as Past President has helped the society with our planning and project ideas this year, as well as in other areas.

Our Public Information Chairman, Emily McElhaney, has kept our society before the public through news releases, and has helped in other areas. This is very great work in the society.

Our Quarterly Editor, Jean Hauffe, and her Assistant Editor, Viola Richert, have devoted much time and effort on behalf of the quarterly. They have completed an outstanding year. Jean has researched much in the local records and some Sangamon County records. Printing ancestor charts has been a part of their work this year. We do appreciate their devotion to this year's quarterly.

Our Librarian, Charles Spaugh, has worked hard this year and has kept us aware of our need for a library. Mr. Spaugh has also chaired the committee to amend the by-laws and update them. The new updated and amended by-laws were accepted by vote of the society in the October meeting. The hours spent in this endeavor by Mr. Spaugh and his committee are appreciated.

Our Genealogist, Virginia Johnson, is esteemed for her work in the society. She is also working on the 1870 Census.

Each member of the society is important and I thank you for your support. Let's work hard in this new year to increase our membership, and assist in the society projects.

Sincerely,
Mrs. Nova Coseboon, President, LCGS

PROGRAM HIGHLIGHTS

November 18, 1985

This was our annual dinner meeting. A delicious turkey-dressing potluck was enjoyed on a very rainy evening by a large crowd. 1986 officers were elected and installed. Installing officer was Lester Wickline, a past president of the society.

Dr Roger Bridges, from the Illinois State Historical Library, spoke on "The Relation between History, Genealogy and the State Library". Much of history is made by the "little people" as well as the notable people. People tend to date their lives by some outstanding event that occurred sometime during their life. Our ancestors may never have had a place in history, but they are great in our sight. We got where we are today because of what our ancestors were in the past. History answers the questions of "Where did I come from?", "How did we get here?", "Why did I come here?" To look at our past helps us to see and understand the future. What people do and think depends upon where they are, what they do, and what interests them. To look at the past helps us to understand why we feel the way we do and gives us a better understanding of our ancestors themselves. To look at one's place of living, his choice of churches, how he voted, what kind of taxes he paid, all begin to tell us a great deal about that person. Looking at the past often answers the problems of the future.

The State Library? It is the genealogist's "heaven".

DECEMBER 1 1985

No meeting held in December.

JANUARY 20, 1986

Virginia Johnson, local member and society genealogist, spoke of her recent visit to the LDS library in Salt Lake City, Utah. She has visited there several times and done considerable personal research there.

ANNUAL PICNIC

The Logan County Genealogical Society will hold its annual picnic at Kickapoo Park on July 21. The time has been set for 5:30 P.M. It will be held at the far shelter which sits upon a small hill. It can be reached by driving through the park to the last parking lot. There is a small foot bridge which leads up the hill to the site of the picnic.

Approximately thirty persons attended this annual event last year and enjoyed themselves. Members are encouraged to bring their families, their own table service, and a dish to pass. Meat and drink will be furnished.

Oh yes, wear comfortable shoes and dress in case you want to hike and walk off the great meal which is a tradition for "us genealogists".

CENSUS RECORDS

1850 - This record gives the name, age, sex, and color of every person whose usual place of abode on June 1, 1850, was in that family; the occupation or trade of each male over 15; value of real estate owned; place of birth; whether attended school within the year; those over 20 who cannot read or write; whether deaf, dumb, blind, insane, idiotic, pauper or convict. Whether married within the year.

1860 - The same as above, except that the occupation or trade of each person male and female, over 15 is asked; also value of personal as well as real estate.

1870 - More details are required: If the age is under 1 year, it is to be expressed in a fraction, no age limit for trade or occupation; if born or married within the year, month is asked; whether father or mother is of foreign birth; male citizen of U. S., of 21 years and upwards; citizen whose right to vote is denied or abridged.

1880 - In addition to above, asks relationship of each person to head of family; whether single, married, widowed or divorced; trade; months of unemployment during census year; ill or disabled & nature of illness or disability; birthplace of parents of persons enumerated. Covers three generations.

(National historical magazine;
pub. by DAR, Jan. 1943. p. 23.)

SOMETHING TO THINK ABOUT: None of the people on board the MAYFLOWER, when it sailed for the New World in 1620, had a middle name.

- HOBLIT, Samuel; the earliest history of the Hoblit family is now rather obscure; the first one known to have crossed the ocean was Michael Hoblit, born in Germany about 1755; he emigrated to America about twenty years later, and settled in Pennsylvania, where he lived and died. His wife's first name was Catharine (the latter name is not known to any of the family); she was also a native of Germany, and was probably married there. These were the grandparents of the subject of this sketch. They had nine children, viz: Boston, John, William, David, Elizabeth, Catharine, Mary, Margaret and Sarah. After Michael Hoblit's death, his widow moved with these children to near Lexington, Kentucky; here Catharine married William Abbott, and Mary, Randal Walker. In 1779, Mrs. Hoblit, with the remainder of her family, moved to the American Bottom, where one crop was raised; after this she again returned to Kentucky, and in a short time removed to Ohio, to a place then known as "Todd's Fork," near Wilmington; this fork was in the woods, about five miles from any habitation; here the remainder of her family married and settled; she also married a Mr. Cocharan, and remained here until her death; she was a remarkably strong woman, and at one time weighed over three hundred pounds. Her oldest child Boston, married Sarah _____ (her last name is not known) and lived to be almost one hundred years old. John, the one who emigrated afterward to Logan County, and who was eighteen years old when he went with his mother to the American Bottom, married Millicent Sewar^d, who was born January 25, 1782. William married Margaret Shields; David, Martha Walson, and moved to Missouri in 1839. Elizabeth married Timothy Bennet; Catharine, William Abbott; Mary, Randal Walker; Sarah, Thomas Lucas; and Margaret, Robert Shields. The dates of these marriages cannot now be given. John Hoblit, already mentioned, was the father of eleven children; they were all born in Ohio. In 1826 he came to Illinois on a prospecting tour, in company with Michael Mann, a Baptist minister, and his son Samuel, whose name heads this sketch; they had but two horses, and took turns in walking; after selecting a location, they returned, and, in 1827, Timothy B. who had married Barbara Bickel in 1822, and Sarah, who had married Benjamin F. Shipley, moved to Sangamon County, near Springfield; they raised a crop the following year, and in the spring of 1829, came up to Kickapoo timber, near the present town of Atlanta. Mary, who had married Adam Stevens, Samuel, who had married Abigail Downey, and Thomas Lucas, came west in 1829. All but Mr. Lucas settled on the

Kickapoo; he went to Lake Fork; Millicent, the youngest, was at this time four years old. After the settlement in Logan County, the remaining children, on coming to a proper age, married; they were Mahlon S. who married Mary Ann Thomas; Elizabeth, Harvey Turner; James L., Catharine Larison; Nancy, Spencer Turner; Catharine, Thomas J. Larison; John E., Rachel Larison; and Millicent, A. K. Martin. Mr. Hoblit remained on his farm here until his death; this occurred September 5, 1844; he was a very highly esteemed man, and one of unswerving honesty. Samuel Hoblit had, several years previous to his father's death, donated two acres of ground near Atlanta for a cemetery; his father's body was the first deposited here. Mrs. Hoblit survived her husband but a few years; her death occurred May 14, 1855; she was a woman noted for great energy and force of character, and as a kind and judicious parent, Timothy B. Hoblit died October 23, 1854; his widow moved to near Atlantic, Iowa, where most of the children reside. Mahlon S. moved to Minneapolis, Minnesota, in 1857; and died at Otsego; at this place his widow and most of his children live. His oldest son, C. D. Hoblit, is now a prominent banker at Canton, Ill.; also, his son Alvan B. is a banker. A. K. Martin moved to Marysville, Missouri, where he yet resides; the remainder of the family live where they first settled in Logan county. SAMUEL HOBLIT, whose portrait is given, was born in Clinton county, Ohio, January 17, 1805; he remained with his parents until his majority, going with them to Green County, working at his trade and on the farm; he was a wheelwright, having learned the trade from his brother, Timothy; when he came to Illinois, in 1826, with his father and Mr. Mann, he remained a while with his uncle, Samuel Seward, his mother's brother, who had located at Quincy in a very early day; in 1836 this uncle moved to Texas, where his family yet live; while Samuel Hoblit was in Quincy, he was one of the "end men" at the raising of the first court house erected there; he bought three lots here, but wishing to return with his father, he traded them for a horse and saddle, with which he made the return journey; on January 4, 1827, he married Abigail Downey, oldest daughter of James and Mary Downey; she was born November 16, 1807; in September, 1829, they packed their few household goods, a few carpenter and cabinet tools, and started for the west; they were part of a company already mentioned, viz: his father and mother, with seven children, and his brothers-in-law Adam Stevens and Thomas Lucas; with the exception of the latter, all settled near the Big Grove on the Kickapoo, not far from the present town of Atlanta; here they found Timothy B. and Benjamin F. Shipley, with their families, who had come from the Sangamon River in the spring; they had built cabins, planted a crop of corn, and were breaking prairie. Samuel Hoblit pre-empted forty acres of prairie adjoining, paying for the latter one dollar and twenty-five cents per acre at the land office in Springfield; to pay this, he borrowed the money of his father, who had brought five hundred dollars with him; he at once cleared five acres of land, built a small cabin, and began life with his wife, one child, James D. and one dollar and fifty cents in silver; the following summer he planted a crop and built a hewed log house (still standing) in the edge of the timber; he moved into this house the day of the commencement of the "deep snow"; as these houses were somewhat open, the snow of that long winter, lasting eighty days without a thaw, continually drifted in, until under the bed it reached the cords, where it became packed and was allowed to remain until spring. The family lived here about ten years; Mr. Hoblit worked at his trade and carried on his farm; he made little and big wheels, reels, wagons, bedsteads, chairs, etc; as this was the only shop in the community, he had abundance of work, and consequently considerable ready money; he was fortunate in this respect, as farm products at Pekin and Chicago did not bring prices sufficient to hardly justify their production. Mr. Hoblit built the largest hewed log house in the community, and in it Lewis M. and John A. were born; he also bought forty acres of land of Hiram

Dowman, a Baptist minister; at the latter's house the New Castle, now Atlanta, Baptist church was organized; it is the oldest church here; in 1839 he built a large two-story frame house on the State road; he entered it the fall of that year, and in it the remainder of his children, Franklin, Caroline and Sylvester, were born; here he often entertained Abraham Lincoln, David Davis, Judge Treat, John T. Stewart, States Attorney Campbell, and others equally well known, when on their way to and from Bloomington to Springfield; they always traveled in their own conveyances. Here he built a shop, continued his trade, and improved his farm, extending it to 320 acres, besides buying land in McLean County; in 1850 he sold the home farm to N. Rouch, for twenty dollars per acre in gold; he intended to move to Bloomington, where he had partly bargained for forty acres, then offered at one hundred dollars per acre where the Chicago & Alton R.R. shops are now situated. He however moved to the Downey farm, five miles southwest of Atlanta, which he purchased, and in 1854 erected a comfortable residence, where he lived until his death, on May 26, 1866. His widow and youngest son still reside on the home. For several years he had ceased to work, owing to his being very fleshy, weighing at one time 363 pounds, and which no doubt shortened his days; he was buried in the Atlanta cemetery; he was a good manager, energetic in his work, and conscientiously fair in all his dealings; in politics he was a whig, afterwards a republican; he lived to see slavery abolished and the Union preserved; he was a Baptist, and for many years a deacon in the church; while living he contributed liberally, and in his will gave one thousand dollars and half its annual income to the Atlanta Baptist church for ever; he also remembered Shurtleff college, and one or two other institutions; he gave all his children a good start, and lived to see them well settled, and occupying honorable positions in life. ABIGAL HOBLIT, his widdow, still enjoys good health; she is living on the homestead, where, within a radius of twelve miles, are her six children, twenty grand and two great-grand children; she was a true help-mate, sharing all the toils of frontier life; she made every thing worn by the family for years; many of the articles are yet preserved, and should be carefully kept by those having them, as they can not now be duplicated; she was a brave and devoted mother, a model housekeeper, and her "boys and girls" yet aver that none can cook like mother--and grandmother--Hoblit. Mr. and Mrs. Hoblit left a family of six children; the oldest, JAMES D. was born Nov. 28, 1827, in Green County, Ohio; he came with his parents to Illinois in 1829, and remained on the farm until of age; on September 16, 1849, he married Mary Dyer, eldest daughter of George Dyer; she was born November 20, 1829; they have two children, Byron B. and George; he is a republican, a Baptist, and owns 350 acres. LEWIS M. was born April 11, 1830, in this county; he has five children,--Laban, Josephine, Belle, Sylvanus and Abigail. John A. was born March 5, 1833, in this county; he remained on the farm until of age; on January 17, 1856, he married Nancy Wilmouth, daughter of Joseph Wilmouth; she was born March 31, 1836, in Logan Co. Ohio; they have seven children: Joseph W., A. Lincoln, Francis, Nellie, JOHN A. and L. Benjamin; a twin sister of Nellie died in infancy; he is a Baptist, republican, and owns 822 acres of land. FRANK was born Nov. 1, 1839; was brought up on the farm, clerked in a store at the age of 18, and was afterward book-keeper in bank; when near 21 years of age he entered the dry goods trade; sold out in 1865, and in March, 1866, began the banking business; is now cashier of the First National Bank, Atlanta; married Mellie A. Allen, June 5, 1864; she is daughter of Dr. J. S. Allen, and was born Jan. 2, 1846; they have one child, Walter B. born Sept. 21, 1865; he is a republican. CAROLINE was born Sept. 20, 1842; married James S. Martin Dec. 25, 1866; he is a son of James P. Martin, who moved to center of Delavan prairie, being the second one to venture out from the timber; they have six children: Samuel H., Ellen M., Charles E., Mary, Clinton D., and Mellie; Mr. Martin owns 340 acres

PIONEER CERTIFICATES

Pioneer Certificates are now available from Logan County Genealogical and Historical Society . If an ancestor of yours lived in Logan County any time from its beginning up to and including 1880, then you are eligible for a certificate (you need not have ever lived in Logan County). The Certificates are \$5.00 each, printed on parchment-look paper. Proof your ancestor lived in Logan County can include county records, marriage licenses, death certificates, county histories, Bible records, cemetery records, census records, etc. Each generation must be proved. A common mistake is lack of proof that the ancestor was

in the County. Be sure to include everything and follow directions. To obtain an application, enclose SASE. WRITE:

When reading tombstones, use a block of styrofoam to clean off lichen and soil. This will not damage the stone; it leaves a certain amount of residue in the grooves, making the stone easier to read.

PROGRAM HIGHLIGHTS

MAY - Our planned program for May had to be cancelled. Paul Gleason, program chairman, provided a slide program on "Conservation" showing historic places and of certain buildings in Logan County that are being preserved. This was one of our best attended meetings with ten guests present.

JUNE - Our program was given by local member Mildred Wickline. She spoke on "Church Records and our Ancestors". Freedom of religion is the right to believe in and practice whatever religious belief we choose. There was a time when some people had little, if any freedom, while others had every freedom. There were times in past history government controlled both church and religious practice. The Roman Catholic church dominated Europe until the Protestant Reformation. Religious persecution was one of the prime causes for immigration into America where religious freedom was granted the people. Probably every ancestor has left something of himself in some church record or family Bible. Bible records came before government records and old Bibles have been known to turn up in some odd and various places, such as garage sales. Colonial churches often returned their records to England. County histories often give good accounts of its early churches. It is a good idea to have church directories in the genealogical library as 60% of the people have church membership. The LDS church is instrumental in locating, filming and preserving church records for posterity.

PROGRAM HIGHLIGHTS

JULY--This was our annual picnic at Kickapoo Creek Park in Lincoln. A lovely evening with twenty members and two guests (plus several uninvited mosquitoes) enjoyed an evening of good food, fun and fellowship.

AUGUST--This was a good program arranged by Judy Lumpp (local member) on Logan County cemeteries. She presented Mr. Darrell White, superintendent of the Logan County Cemetery Reconditioning Association. He spoke on such things as some cemeteries having different names, the number of cemeteries in the county of which forty-one are county maintained and twelve cared for by private or other means. About one-half of the original cemeteries are still in use. Many of them began as family burying grounds and are now 'closed'. Some small unused cemeteries do not have access during the farming season. There is no potter's field in Logan County. Mr. White says there are many problems and situations involved in the buying and maintaining grave sites. There was a very interesting question and answer period. Good program.

SEPTEMBER--This program was given by Jean Hauffee on "Using the Federal Census as a Genealogical Help". The first federal census was taken to find out how many men were of military age. This census gives heads of family only, the children are designated by age groups. The 1840 census lists pensioners of the Revolutionary War, however the printed Logan County census does not give this pension information. The 1850 census lists every person in the household by name, age and place of birth. The 1860 gives similar information. The 1870 census give place of birth of the resident but the 1880 census give the place of the parents' birth as well. It also gives the relationship of the resident to the head of the household, but does not say if the children belong to the husband or the wife. Townships were not in use until 1866/67 in Logan County. Some census have mortality schedules but these are not always with the census records. This schedule names only those people who died during the prededing census year there is also an agricultural census available. The 1890 census was destroyed by fire. The 1900 census is much more involved and asks many more questions. Many county census sheets and microfilms are very difficult to read due to poor quality writing, spelling and filming. The census taker was paid by the number of people and homes contacted; sometimes a family was included more than once. He often did not make direct contact with the family and so did not always get the correct information. The Soundes census lists only those children ten years of age or under. The census is a valuable help to the genealogist, but they do contain errors.

OCTOBER--This is the month we make our yearly visit to the County Court House. This year we visit the Circuit Clerk's office. Members are shown the records available and are allowed to do such research as time allows. This is always an interesting program.

NOVEMBER--This is our annual meeting. A pot luck dinner will be served at the Oasis and Wayne Buse (local member) will speak on Bakersville. This was a settlement in the Chestnut area of Logan County and was named in honor of a Samuel Baker who settled here after service in the Civil War and started a successful brick and tile yard. Wayne and his wife, Jeanette, live in this area.
